Baldwin Park Operable Unit Settling Parties  
c/o Donald E. Vanderkar  
Aerojet General Corporation  
Box 13222  
Sacramento, CA 95813

Subject: Transmittal of Cost Summaries for EPA Past Costs  
Baldwin Park Operable Unit, San Gabriel Valley Superfund Sites

Dear Mr. Vanderkar:

Enclosed are six EPA cost summary reports. Each report summarizes costs for an EPA financial account set up to track costs incurred in connection with the Baldwin Park Operable Unit. Please distribute copies to the other Settling Parties.

On November 23, 1999, we sent a demand letter to each of the 19 Baldwin Park Operable Unit Potentially Responsible Parties, which provided estimates for the Baldwin Park-specific costs and a fifty-five percent (55%) share of the San Gabriel Valley Sites basinwide costs. This letter provides updated values of \$8,452,710.55 and \$13,662,464.54 for the Baldwin Park-specific costs and the fifty-five percent (55%) share of the San Gabriel Valley Sites basinwide costs, respectively. These values are slightly lower than the values provided in the November 23, 1999 letter.

The Baldwin Park-specific total includes costs charged to three EPA financial accounts: the Baldwin Park (M5), Aerojet Electrosystems (G4), and Oil and Solvent Process Co (G3) accounts. The Baldwin Park-specific total also includes costs incurred by the U.S. Department of Justice. The basinwide total includes costs charged to three EPA financial accounts: the San Gabriel Valley basinwide account (27), the Southern California Automated Record File (SCARF) account (W2), and the Whittier Narrows account (M4).

The enclosed reports summarize costs incurred through May 31, 1999 for the Baldwin Park (M5), Aerojet Electrosystems (G4), Oil and Solvent Process Co (G3), and San Gabriel Valley (27), SCARF (W2). The Whittier Narrows report (M4) summarizes costs only through December 31, 1996.

An enclosure to this letter provides brief summaries of the costs included in each EPA account. Each of the six cost reports breaks down the costs by employee, by contract, and by the time incurred, and provides endnotes and footnotes which describe contractor costs in more detail.

We would be happy to respond to any questions you have about the information provided in this letter. We ask that you send us by January 4, 2000 any specific or detailed questions you wish to discuss at the January 12, 2000 meeting. If you have any general or immediate questions about EPA's past costs, please contact me at (415) 744-2256 or PRASKINS.WAYNE@EPA.GOV. Please direct any legal questions to Lewis Maldonado at (415) 744-1342 or Bob Klotz at (415) 744-6490.

Sincerely,

Wayne Praskins  
EPA Project Manager

Enclosures

**BRIEF SUMMARIES OF EPA and DEPARTMENT OF JUSTICE COSTS ASSOCIATED  
WITH THE  
BALDWIN PARK OPERABLE UNIT**  
Enclosure to the December 13, 1999 letter

	ACCOUNT	EPA SITE ID	CUTOFF DATE <sup>1</sup>	BPOU-SPECIFIC COSTS <sup>2</sup>	BASINWIDE COSTS <sup>2</sup>
1	Baldwin Park	M5	May 31, 1999	\$ 7,753,312.35	
2	Aerojet	G4	May 31, 1999	\$ 533,444.02	
3	OSCO	G3	May 31, 1999	\$ 31,105.96	
4	DOJ costs	-	May 31, 1999	\$ 134,848.22	
5	San Gabriel Valley	27	May 31, 1999		\$17,858,517.41
6	SCARF	W2	May 31, 1999		\$ 500,148.37
7	Whittier Narrows thru 12/98	M4	Dec 31, 1996		\$ 6,482,178.84
8	BPOU-specific subtotal (sum of lines 1-4)			\$ 8,452,710.55	
9	Basinwide subtotal (sum of lines 5-7)				\$24,840,844.62
10	Allocated share of basinwide subtotal (55% of line 9)				\$13,662,464.54
<b>TOTAL COSTS SOUGHT (line 8 + line 10)</b>				<b>\$ 22,115,175.09</b>	

NOTES TO TABLE:

1. Costs are for activities incurred up through the specified cutoff date.
  2. Costs summarized in this table reflect past cost payments of \$150,000.00 (credited to the Baldwin Park account), \$192,208.28 (credited to the Aerojet account), and \$362,470.31 (credited to the San Gabriel Valley account).
- 

**#1      Baldwin Park (Site ID = M5)**

This account includes EPA costs attributable only to the Baldwin Park Operable Unit. The account was first used in 1989. The costs of the following activities were charged to this account: preparation of the EPA-lead Baldwin Park Operable Unit Feasibility Study, Proposed Plan, ROD, and ESD; EPA-funded costs associated with the Regional Board's Well Investigation Program in the Baldwin Park area; EPA-PRP discussions and negotiations since about 1994; and EPA oversight of the pre-design work carried out between 1995 and 1999. Some Baldwin Park-specific costs initially charged to the San Gabriel Valley basinwide account (site ID = 27) have been reassigned to this account, as indicated in the attached cost summary. For example, the costs of EPA basinwide sampling efforts in the mid to late 1980s were initially charged to the San Gabriel Valley basinwide account, but later reassigned to the operable unit-specific accounts in proportion to the number of wells sampled in each operable unit area.

**#2      Aerojet Electrosystems (Site ID = G4)**

This account includes a subset of EPA costs incurred in connection with Aerojet's Azusa facility. The account was first used in 1989 in anticipation of carving out the Aerojet facility as a separate operable unit. Ultimately, EPA decided not to establish a separate Aerojet operable unit, and most costs incurred in connection with the Aerojet facility since early 1992 have been charged to the Baldwin Park account (M5). EPA has also incurred costs in connection with the other PRP facilities even though separate accounts were not created. Costs incurred in connection with other PRP facilities have been charged to the San Gabriel Valley (27) or Baldwin Park (M5) accounts (except for some OSCO-related costs).

**#3      Oil and Solvent Process Co (OSCO) (Site ID = G3)**

This account includes a subset of EPA costs incurred in connection with the OSCO facility in Azusa, CA. The account was first used in 1989 in anticipation of carving out the OSCO facility as a separate operable unit. Ultimately, EPA decided not to create a separate OSCO operable unit, and most costs incurred in connection with the OSCO facility since early 1992 have been charged to the Baldwin Park account. EPA has also incurred costs in connection with other PRP facilities even though separate accounts were not created. Costs incurred in connection with the other PRP facilities have been charged to the San Gabriel Valley (27) or Baldwin Park (M5) accounts (except for some Aerojet-related costs).

**#4      San Gabriel Valley (Site ID = 27)**

This account includes EPA costs associated with activities that benefitted all of the San Gabriel Valley Operable Units. This account was the only San Gabriel Valley cost account from about 1985 until 1989. Additional accounts for individual operable units began to be established in about 1989. Basinwide activities have included (but are not limited to): development and maintenance of the San Gabriel Basin water quality database and Geographic Information System (GIS); initial development of the CFEST groundwater flow model for the San Gabriel Basin; development and distribution of basinwide fact sheets; preparation of the San Gabriel Basin Master Report, Interim Remedial Investigation Report, Basinwide Technical Plan, and White Paper; initial determination and evaluation of ARARs for the San Gabriel Valley sites; initial efforts to identify and plan remedial investigation activities and operable units at the sites; interaction with various advisory committees, State and local agencies, and the public on basinwide issues; EPA basinwide legal support; EPA basinwide civil investigation efforts; EPA basinwide contracting efforts; EPA basinwide community relations and public affairs efforts; EPA basinwide technical support efforts; and EPA management supervisory efforts over San Gabriel Valley basinwide activities.

Some costs initially assigned to this account have been reassigned to the Baldwin Park account (M5) or other operable unit-specific accounts, as appropriate. A majority of the costs included in the enclosed cost summary were incurred before the individual operable unit remedial investigations and feasibility studies were begun (i.e., mid 1980s through early 1990s), although limited charges continue to be made to this account.

**#5      The Southern California Automated Record File (SCARF) (Site ID = W2)**

This account includes EPA costs that benefitted all of the San Gabriel Valley Operable Units. The account was first used in 1990, but most costs were incurred in 1993 and 1994. The costs charged to this account are for development of a statement of work to direct contractor efforts; identification and compilation of local, state, and federal databases on commercial and industrial facilities in the San Gabriel Valley which released substances to air, water, land, or sewers; adjustments to the data to allow entry into a common database; efforts to make the data available to EPA and Regional Board staff; and records management and cost accounting activities.

**#6      Whittier Narrows (Site ID = G4)**

This account includes EPA costs incurred in investigating and responding to the threat that contaminated groundwater from the San Gabriel Basin would migrate into the downstream Central Basin. The account was first used in 1990. Initial Whittier Narrows costs, incurred through December 31, 1996, benefitted all of the San Gabriel Valley Operable Units. Later costs, incurred in the Whittier Narrows area on or after January 1, 1997, are primarily operable unit-specific costs which we expect to be paid by Potentially Responsible Parties for the Whittier Narrows Operable Unit.

Until December 31, 1996, EPA's efforts in the Whittier Narrows area were directed at investigating and evaluating the threat to the Central Basin posed by all sources of contamination in the San Gabriel Basin. Initially, the available data did not clearly indicate whether remedial action was needed, or the extent to which sources in the other San Gabriel operable units posed a threat to the Central Basin. EPA issued a "monitoring only" ROD for the Whittier Narrows OU in March, 1993. EPA implemented the ROD by installing additional monitoring wells and continuing groundwater sampling. During late 1996 and early 1997, sampling data showed that contaminant concentrations were increasing in the western portion of the Narrows. In 1997, EPA began a new remedial investigation and feasibility study for the Whittier Narrows OU. At this same time, EPA determined that the recent high levels of contamination appeared to be originating from the South El Monte area.

Since December 31, 1996, EPA's efforts in the Whittier Narrows area have focused on responding to groundwater contamination in the western portion of the Narrows. EPA is currently designing a remedial action for the area, whose estimated cost is \$17 to \$20 million. The costs of the remedial action, and most of the EPA efforts in the Whittier Narrow area since December 31, 1996, are being charged to a separate EPA account (Site ID = DQ). Costs charged to the DQ account are not included in the November 23, 1999 demand letter.

TOTAL SITE COSTS BEFORE COST RECOVERY COLLECTIONS 7,903,312.35

COSTS RECOVERED ON THIS SITE < 150,000.00>

TOTAL SITE COSTS: \$ 7,753,312.35

Contract Endnotes

(1) Some of these costs are Baldwin Park-specific costs which were initially charged to the San Gabriel Valley basinwide account (Site #27), under work assignments 31-09-9927 (aka 31-01-9927) and 31-24-9927. They were reassigned after creation of the Baldwin Park OU account (Site M5). They include the following services rendered between 10/1/89 and 7/8/93:

- (a) installation and sampling at monitoring well MW5-1, including preparation of Sampling Analysis and Quality Assurance Project Plan, evaluation of options for disposal of investigation-derived waste, report preparation, and related activities;
- (b) spinner logging, depth-specific sampling, and wellhead sampling of water supply wells in the Baldwin Park area;
- (c) revision, evaluation and comment on technical documents prepared by Potentially Responsible Parties (PRPs) in the Baldwin Park area;
- (d) initial development of remedial alternatives for the Baldwin Park OU; and
- (e) oversight of investigation work at the OSCO facility.

From 10/15/91 to 6/30/94, under WA #31-21-9LM5, the contractor assisted EPA in the preparation of the Baldwin Park Operable Unit Remedial Investigation and Feasibility Study. Tasks included: workplan preparation; development of treatment facility influent concentration estimates; evaluation of water distribution

ITEMIZED COST SUMMARY REPORT

COSTS FROM 10/01/1980 THROUGH 05/31/1999

Contract Endnotes

alternatives; identification of treatment plant and extraction well locations; groundwater flow and contaminant transport modeling to evaluate the effectiveness of remedial alternatives; ARARs evaluation; baseline risk assessment; quarterly sampling of MW5-1; air-risk analysis of VOC emissions from air stripping; development and modeling of remedial alternatives; and development of remedial alternative cost estimates.

From 7/1/94 to 12/31/98, the contractor provided RD/RA negotiation support and oversight of PRP pre-design work, under WA #31-64-99M5. This consisted of: evaluating PRP contributions to groundwater contamination; attending technical meetings; review of draft RD/RA Statement of Work; review of workplan, Sampling Plan, and well construction specs prepared by Camp Dresser & McKee for the PRPs and WQA; groundwater sampling at MW5-1; and oversight of PRP well installation and sampling activities.

- ( 2 ) sampling analysis
- ( 3 ) sampling analysis
- ( 4 ) sampling analysis and sampling analysis management
- ( 5 ) Performed sampling analysis, data validation and reporting, and reviewed sampling and analysis plans for the Baldwin Park Pre-remedial Design Groundwater Monitoring Program.
- ( 6 ) Provided paralegal support services to EPA
- ( 7 ) This costs is for issuance of notice to the public soliciting comment on the Proposed Plan to address groundwater contamination at Baldwin Park.
- ( 8 ) Contractor published notice for comment on the Baldwin Park Unit Administrative Consent Order (Docket No. 96-09).
- ( 9 ) These are costs incurred under work assignment #005-RXBF-09M5; the work being performed is a continuation of RD/RA oversight support activities initiated under CH2M Hill ARCS contract 68-W9-0031, work assignment #31-64-99M5.
- (10) These Baldwin Park-specific costs were initially charged to the San Gabriel Valley basinwide account number (SSID #27), under WA #014-9127, then reassigned after creation of the Baldwin Park account number (SSID #M5). The costs are for Baldwin Park-specific remedial investigation work which was carried out as part of the Supplemental Sampling Program and other basinwide sampling efforts including:

ITEMIZED COST SUMMARY REPORT

COSTS FROM 10/01/1980 THROUGH 05/31/1999

Contract Endnotes

preparation of Sampling and Analysis and Quality Assurance Project Plans; evaluation of disposal options for investigation-derived waste; making arrangements for access; sample tracking; data validation and evaluation, and report preparation; evaluation of the OSCO facility; evaluation of Valley County Water District application for EPA assistance; assistance in PRP search activities; and initial planning for the Baldwin Park Operable Unit.

- (11) These are Baldwin Park OU-specific cost which were initially charged to the San Gabriel Valley basinwide account, under work assignment #105-9L27, but were reassigned to the Baldwin Park account number after its creation. Costs were incurred for supplemental sampling plan development and community relations activities conducted during the remedial investigation phase of EPA operations.
- (12) Services consisted of assistance with cost recovery documentation compilation, indexing, filing and copying documents pertaining to this site.
- (13) Services included initial document research and data compilation for cost recovery documentation activities, indexing, filing and copying services.
- (14) CADTSC completed ARARs analysis; briefed CADTSC management on issues pertaining to the Baldwin Park OU; reviewed and commented on the U.S. EPA draft of the Baldwin Park Feasibility Study; attended technical and public meetings; prepared cost summary; and reviewed draft ROD and Responsiveness Summary. These costs were initially charged to the San Gabriel Valley basinwide account number (SSID #27), but were reassigned to Baldwin Park after creation of the Baldwin Park-specific account number (SSID #M5).
- (15) The California Regional Water Quality Control Board directed and oversaw facility-specific investigations in Azusa, Irwindale, and Baldwin Park. These Baldwin Park-specific costs which were incurred through mid-1993 had initially been charged to the San Gabriel Valley basinwide account, then reassigned after creation of the Baldwin Park account.
- (16) The California Department of Health Services provided management assistance to EPA in the oversight of remedial investigation/feasibility study activities between 7/1/88 and 12/31/88. These are Baldwin Park-specific costs which were initially charged to the San Gabriel Valley basinwide account, then reallocated to Baldwin Park after creation of a separate account number (SSID #M5).

Contract Endnotes

- (17) These Baldwin Park-specific costs were initially charged to the San Gabriel Valley basinwide account number (SSID #27), but were reassigned to the Baldwin Park-specific account number (SSID #M5) after its creation. Expenditures indicated are for activities conducted between 3/1/89 and 2/19/93, under work assignment #C09007. The specific tasks conducted included:
- (a) oversight of field activities at the OSCO facility in Azusa, CA;
  - (b) assisting EPA with preparation of notice and information request letters;
  - (c) the receipt, logging and tracking of EPA and facility correspondence; and
  - (d) extraction of data from facility responses in the Baldwin Park area.
- (18) Conducted initial review and verification of costs incurred pertaining to this site.

Footnotes

(1) Site amount is allocated site 27 costs based on the contractor's records.

SECTION 7 - PAGE 11  
REPORT DATE: 12/08/1999

BALDWIN PARK/SAN GABRIEL, LOS ANGELES COUNTY, CA SITE ID = 09 M5  
FROM 10/01/1980 THROUGH 05/31/1999

ALTERNATIVE REMEDIAL CONTRACT SUPPORT (ARCS)

CONTRACTOR : CH2M HILL

CONTRACT NUMBER : 68-W9-0031

Contractor Information

Some of these costs are Baldwin Park-specific costs which were initially charged to the San Gabriel Valley basinwide account (Site #27), under work assignments 31-09-9927 (aka 31-01-9927) and 31-24-9927. They were reassigned after creation of the Baldwin Park OU account (Site M5). They include the following services rendered between 10/1/89 and 7/8/93:

- (a) installation and sampling at monitoring well MW5-1, including preparation of Sampling Analysis and Quality Assurance Project Project Plans, evaluation of options for disposal of investigation-derived waste, report preparation, and related activities;
- (b) spinner logging, depth-specific sampling, and wellhead sampling of water supply wells in the Baldwin Park area;
- (c) revision, evaluation and comment on technical documents prepared by Potentially Responsible Parties (PRPs) in the Baldwin Park area;
- (d) initial development of remedial alternatives for the Baldwin Park OU; and
- (e) oversight of investigation work at the OSCO facility.

From 10/15/91 to 6/30/94, under WA #31-21-9LM5, the contractor assisted EPA in the preparation of the Baldwin Park Operable Unit Remedial Investigation and Feasibility Study. Tasks included: workplan preparation; development of treatment facility influent concentration estimates; evaluation of water distribution alternatives; identification of treatment plant and extraction well

locations; groundwater flow and contaminant transport modeling to evaluate the effectiveness of remedial alternatives; ARARs evaluation; baseline risk assessment; quarterly sampling of MW5-1; air-risk analysis of VOC emissions from air stripping; development and modeling of remedial alternatives; and development of remedial alternative cost estimates.

From 7/1/94 to 12/31/98, the contractor provided RD/RA negotiation support and oversight of PRP pre-design work, under WA #31-64-99M5. This consisted of: evaluating PRP contributions to groundwater contamination; attending technical meetings; review of draft RD/RA Statement of Work; review of workplan, Sampling Plan, and well construction specs prepared by Camp Dresser & McKee for the PRPs and WQA; groundwater sampling at MW5-1; and oversight of PRP well installation and sampling activities.

Contractor Information

These Baldwin Park-specific costs were initially charged to the San Gabriel Valley basinwide account number (SSID #27), under WA #014-9127, then reassigned after creation of the Baldwin Park account number (SSID #M5). The costs are for Baldwin Park-specific remedial investigation work which was carried out as part of the Supplemental Sampling Program and other basinwide sampling efforts including: preparation of Sampling and Analysis and Quality Assurance Project Plans; evaluation of disposal options for investigation-derived waste; making arrangements for access; sample tracking; data validation and evaluation, and report preparation; evaluation of the OSCO facility; evaluation of Valley County Water District application for EPA assistance; assistance in PRP search activities; and initial planning for the Baldwin Park Operable Unit.

CONTRACT NUMBER : 947201

---

Contractor Information

The California Regional Water Quality Control Board directed and oversaw facility-specific investigations in Azusa, Irwindale, and Baldwin Park. These Baldwin Park-specific costs which were incurred through mid-1993 had initially been charged to the San Gabriel Valley basinwide account, then reassigned after creation of the Baldwin Park account.

(1) Site amount is allocated site 27 costs based on the State's records.

Contractor Information

The California Department of Health Services provided management assistance to EPA in the oversight of remedial investigation/feasibility study activities between 7/1/88 and 12/31/88. These are Baldwin Park-specific costs which were initially charged to the San Gabriel Valley basinwide account, then reallocated to Baldwin Park after creation of a separate account number (SSID #M5).

Contractor Information

These Baldwin Park-specific costs were initially charged to the San Gabriel Valley basinwide account number (SSID #27), but were reassigned to the Baldwin Park-specific account number (SSID #M5) after its creation. Expenditures indicated are for activities conducted between 3/1/89 and 2/19/93, under work assignment #C09007. The specific tasks conducted included:

- (a) oversight of field activities at the OSCO facility in Azusa, CA;
- (b) assisting EPA with preparation of notice and information request letters;
- (c) the receipt, logging and tracking of EPA and facility correspondence; and
- (d) extraction of data from facility responses in the Baldwin Park area.
